MathWorks®
Accelerating the pace of engineering and science

Offer of Complimentary Software License(s)

Hello,

MathWorks is pleased to sponsor the 2015 China Undergraduate Mathematical Contest in Modeling.

MathWorks will provide software, training, and access to MathWorks engineering mentors and technical support to teams who have completed the Student Competition Software Request Form below.

Here are the products we will be providing that you may have access to:

Complimentary Software for

- MATLAB
- Curve Fitting Toolbox
- Global Optimization Toolbox
- Neural Network Toolbox
- Optimization Toolbox
- Partial Differential Equation Toolbox
- Statistics Toolbox
- Symbolic Math Toolbox

- System Identification Toolbox
- Image Processing Toolbox
- Signal Processing Toolbox
- Financial Toolbox
- Econometrics Toolbox
- Bioinformatics Toolbox
- Parallel Computing Toolbox

Activation Type: Designated Computer
License option: Individual
Platform: All

Your team leader or faculty advisor should review and complete the Student Competition Software Request Form:
https://www.mathworks.cn/academia/student-competitions/software-request-registration-cumcm.html
to take advantage of our software offer.

Best of luck in your preparation!

Regards,
Lauren Tabolinsky
MathWorks Student Competition Program Specialist
